- 2.7.16 Ensuring the compliance of communication centres with ICAO standard and recommended practices as they affect AFTN communication operations.
- 2.7.17 Compiling and updating communications equipment.
- 2.7.18 Arranging communications postings.
- 2.7.19 Collecting and collating transmitted Class 'B' message and liaising with the Finance Department for revenue collection.
- 2.7.20 Liaising with NCPI, Zaria and other training institutions and coordinating the ae; communications training and re-training programmes.
- 2.7.21 Preparing ICAO 3-Letters designators for distribution to all NAMA departments, stations and aircraft operators.
- 2.7.22 Ensuring that all messages handled on the network are in accordance with ICAO procedures.

(Aeronautical Information Services)

- 2.7.25 Heading category 'A' AIS (Aerodrome) unit.
- 2.7.26 Assisting in the planning and exchange of training programmes
- 2.7.27 Assisting in technical/administrative functions.
- 2.7.28 Coordinating activities in cartography, printing, publications. etc.
- 2.7.29 Taking charge of a Branch.
- 2.7.30 Taking responsibility for aeronautical information development planning.

2.8 Deputy Director, Grade Level 16

(Air Traffic Control)

- 2.8.1 Coordinating the supervision and training of radar control personnel.
- 2.8.2 Ensuring that all necessary technical equipment, publications and facilities are available to Radar/Control Personnel
- 2.8.3 Participating in the conduct of rating and validation examinations of radar personnel.
- 2.8.4 Preparing and issuing Unit Orders and Local Knowledge Questionnaires for use in radar rating and validation examination
- 2.8.5 Maintaining records and submitting reports on personnel, traffic activities and all phases of ATC operations as required.

- 2.8.6 Standing as a watch in operations as required.
- 2.8.7 Taking charge of a Division
- 2.8.8 Assisting in SAR operations 'as may be required.
- 2.8.9 Providing radar services to over-flying air traffic before being handed over to adjacent Flight Information Regions (FIR).
- 2.8.10 Directing search and rescue services/operations
- 2.8.11 Providing alerting services.
- 2.8.12 Assisting in the general administration for the Department

(Communication)

- 2.8.13 Taking charge of a Division and assisting in the general administration of the Department.
- 2.8.14 Ensuring effective utilization of personnel and compliance with LCAO procedures and national policy on aeronautical communications set up in the country.
- 2.8.15 Collecting and collating transmitted class "B" messages and liaising with the Finance Department on charges.
- 2.8.16 Liaising with appropriate units/departments on all communication matters.
- 2.8.17 Undertaking tour of aeronautical communication stations to ensure compliance with ICA-In Transit Time criteria.
- 2.8.18 Ensuring development and system analysis of SATCOM in conjunction with the engineering department for improved serviceability, efficiency and productivity.
- 2.8.19 Coordinating through field officers. SATCOM operation and publishing changes in procedures/application.
- 2.8.20 Collating system outages, shortcomings/deficiency and forwarding to the Director (Electronic Communications) for urgent attention.
- 2.8.21 Compiling SATCOM channel occupancy and congestion delay status and making appropriate recommendation.
- 2.8.22 Collating fortnight/monthly statistical reports from stations and plotting graphic charts and circuit outages.
- 2.8.23 Preparing AFIN statistical reports and for transmission to JCAO regional office on monthly basis.
- 2.8.24 Ensuring implementation of standards for effective, speedy and regular telephone operations and aircrafts emergency response to search and rescue procedures.

- 2.8.25 Preparing monthly and annual telephone reports and liaising with the Finance Department to ensure effective telephone revenue collection.
- 2.8.26 Making recommendations on matters relating to the construction or expansion of telephone exchanges, equipments, installations and maintenance in all the airports.
- 2.8.27 Preparing annual telephone directory with a view to updating the directory and upgrading lag or cutting down line to airport telephone users.

(Aeronautical Information Services)

- 2.8.28 Assisting in the general administration of the Department
- 2.8.29 Coordinating activities of centers and units
- 2.8.30 Planning development of programmes to meet ICAO standards.
- 2.8.31 Coordinating AIS Technical Services.
- 2.8.32 Heading of the MS inspectorate services in the Zones/Regional Headquarters.

2.9 Director, Grade Level 17

- 2.9.1 Taking charge of the general administration of the Department
- 2.9.2 Advising on the formulation, execution and review of relevant policies and programmes
- 2.9.3 Liaising with operators and flying clubs on relevant matters
- 2.9.4 Issuing or validating licenses' ratings
- 2.9.5 Enforcing compliance with rules and regulations

3. METHODS OF ENTRY AND ADVANCEMENT WITHIN THE CADRE

3.1 Air Traffic: Officer Grade II, Grade Level 08

- 3.1.1 By direct appointment of a candidate possessing a degree in Physics, Geography, electrical, Electronics, Telecommunications, Computer Science or Mathematics from a recognized University.

(Communications)

- 3.1.2 By direct appointment of a candidate possessing a degree or HND in Physics, Geography, Electrical Engineering, Electronics, Telecommunications, Computer Science or mathematics from a recognized University Institution.

(Aeronautical Information Services)

- 3.1.3 By direct appointment of a candidate possessing a degree or HND in Physics Geography Mass Communication Journalism Sociology Computer Science or Mathematics from a recognized University Institution

3.2 Air Traffic, Officer Grade I, Grade Level 09

(Air Traffic Control)

- 3.2.1 By advancement of an Air Traffic Officer Grade II (ATC) who has successfully completed the appropriate training programmes specified in sub paragraph 2.1.1 above and obtained the prescribed Certificate/Diploma

(Communications)

- 3.1.1 By advancement of an Air Traffic Officer Grade U (Communications) who has successfully completed the appropriate training programmes specified in sub-paragraph 2.1. above and obtained the prescribed Certificate/Diploma.

(Aeronautical Information Services)

- 3.2.2 By advancement of a suitable Air Traffic Officer Grade II (AIS) who has successfully completed the appropriate training programmes specified in subparagraph 2.1.3 above and obtained the prescribed Certificate/Diploma.

3.3 Senior Air Traffic Officer, Grade Level II

(Air Traffic Control)

- 3.3.1 By promotion of an Air Traffic Officer Grade I (ATC) who has spent at least three years on the grade, attend and passed Air Traffic Control Licensing Examination and obtained Aerodrome Rating/License.

(Communications)

- 3.3.2 By promotion of an Air Traffic Officer Grade I (Communications) who has spent at least three years on the grade and successfully completed the prescribed training programme at the Nigerian College of Aviation Technology, Zaria and obtained proficiency rating.

(Aeronautical Information Services)

- 3.3.3 By promotion of a suitable Air Traffic Officer Grade I (AIS) who has spent at least three years on the grade and successfully completed the Advanced MS officers course and obtained AISO Certificate.

Principal Air Traffic Officer, Grade Level 12

(Air Traffic Control)

- 3.4.1 By promotion of a suitable Senior Air Traffic Officer (ATC) who has spent at least three years on the grade and successfully completed the prescribed training for Approach Control and obtained the Approach Control. Rating License

(Communications)

3.4.2 By promotion of a Senior Air Traffic Officer (Communications) who has spent at least three years on the grade and acquired the appropriate skill.

(Aeronautical Information Services)

3.4.3 By promotion of a confirmed and suitable Senior Air Traffic Officer (AIS) who has spent at least three (3) years on the grade and obtained AISO Certificate.

Assistant Chief Air Traffic: Officer, Grade Level 13

(Air Traffic: Control)

3.5.1 By promotion of a suitable Principal Air Traffic Officer (ATC) who has spent at least three years on the grade and successfully completed the prescribed training in Aerodrome and Approach.

(Communications)

3.5.2 By promotion of a suitable Principal Air Traffic Officer (Communications) who has spent at least three years on the grade and successfully completed the prescribed training in AFIN operations.

(Aeronautical Information Services)

3.5.3 By promotion of a suitable Principal Air Traffic Officer (AIS) who has spent at least three years on the grade.

3.6 Chief Air Traffic Officer, Grade Level 14 (Air Traffic Control)

3.6.1 By promotion of a suitable Assistant Chief Air Traffic Officer (AC) who has spent at least three years on the grade and successfully completed the prescribed training for approach Radar Controller and obtained the Approach Radar Rating License.

(Communications)

3.6.2 By promotion of a suitable Assistant Chief Air Traffic Officer (Communications) who has spent at least three years on the grade and successfully completed the prescribed training in Advanced AFTN Operations.

(Aeronautical Information Services)

3.6.3 By promotion of a suitable Assistant Chief Air Traffic Officer (AIS) who has spent at least three years on the grade.

3.7 Assistant Director, Grade Level 15 (Air Traffic Control)

3.7.1 By promotion of a suitable Chief Air Traffic Officer (ATC) who has spent at least three years on the grade and successfully completed the prescribed training for Area Procedural Control.

(Communications)

- 3.7.2 By promotion of a suitable Chief Air Traffic Officer (Communications) who has spent at least three years on the grade and successfully completed the prescribed training and rating

(Aeronautical Information Services)

- 3.7.3 By promotion of a suitable Chief Air Traffic Officer (AIS) who has spent at least three years on the grade.

3.8 Deputy Director Grade Level 16

- 3.8.1 By promotion of a suitable Assistant Director (ATO) who has spent at least four years on the grade

3.9 Director, Grade Level 17

- 3.9.1 By promotion or a suitable Deputy Director (ATO) who has spent at least four years on the grade.

3.10 Direct Appointment to Posts in Grade Level 12 and above

Direct appointments may also be made to posts in Grade Level 12 and above but these will be preceded by specific advertisement at the instance of the user Ministry/Department Promotions from such direct appointment to higher grades are subject to confirmation of appointment.

AIR TRAFFIC SAFETY SYSTEMS OFFICER CADRE

POSTS AND SALARIES

1.1	Air Traffic Safety Systems Officer, Grade II	Grade Level 08
1.2	Air Traffic Safety Systems Officer Grade I	Grade Level 09
1.3	Senior Air Traffic Safety Systems Officer	Grade Level 10
1.4	Principal Air Traffic Safety Systems Officer	Grade Level 12
1.5	Assistant Chief Air Traffic Safety Systems Officer	Grade Level 13
1.6	Chief Air Traffic Safety Systems Officer	Grade Level 14
1.7	Assistant Director	Grade Level 15
1.8	Deputy Director	Grade Level 16
1.9	Director	Grade Level 17

2. DUTIES

2.1 Air Traffic: Safety Systems Officer Grade II, Grade Level 08

- 2.1.1 This is a professional training grade for graduates of University or Polytechnics' in relevant fields. They are required to undergo advanced

training programme in Air Traffic Safety Systems comprising Communications, Navigation, Surveillance (CNS) and Electromechanical Systems (EMS) at the Nigerian College of Aviation Technology (NCAT), Zaria, for a period of 18 months. Successful candidates on completion of the course are further required to undergo another 12 month (proficiency) on-the-job training (OJT) at the major airports and obtain Air Traffic Safety Systems Diploma/Rating.

2.2 Air Traffic: Safety Systems Officer, Grade I, Grade Level 09

Performing the following duties under Supervision.

- 2.2.1 Carrying out general air traffic safety systems' preventive and corrective maintenance procedure and practices.
- 2.2.2 Checking periodically the ground based airspace systems status.
- 2.2.3 Carrying out parameter checks of systems/equipment
- 2.2.4 Receiving, analyzing and diagnosing reports and taking remedial actions
- 2.2.5 Taking appropriate actions that will ensure the safety of air navigation.
- 2.2.6 Providing systems that ensure the safety of air operations.
- 2.2.7 Determining the serviceability and availability of mission critical systems
- 2.2.8 Assisting in the installation, repairs, alignment and ground checks of system/facilities.
- 2.2.9 Assisting in certify tag communications, navigation, surveillance and electromechanical systems essential for safety and security of the airspace.
- 2.2.10 Carrying out ground based, facilities' routine inspections and checks.
- 2.2.11 Ensuring the security and safety of air traffic safety systems installations.
- 2.2.12 Ensuring that the proper and correct air traffic safety systems information is disseminated to the Pilots and air traffic controllers in order to prevent unwanted distress situation.
- 2.2.13 Installing, maintaining and overhauling electromechanical systems.

2.3 Senior Air Traffic: Safety Systems Officer, Grade Level 10

- 2.3.1 Carrying out general maintenance, inspection, diagnosis, repairs and operations of all air traffic safety systems/equipment.
- 2.3.2 Carrying out alignment and ground checks of all communications, navigation' and surveillance systems/equipment.
- 2.3.3 Supervising subordinate personnel
- 2.3.4 Assisting in the on-the-job training programme for licensing cadets

- 2.3.5 Analyzing system/equipment failures and reactivating them
- 2.3.6 Carrying out calibration and maintenance of test gears and instruments, etc.
- 2.3.7 Assisting in preparing periodic reports on staff and facilities
- 2.3.8 Participating in medium sized air traffic safety systems projects.
- 2.3.9 Assisting in the flight check of ground based system.
- 2.3.10 Certifying communications, navigation, surveillance and electromechanical system.
- 2.3.11 Inspecting technical/mechanical equipment, including analyzing designs, cost estimates or tender documents in respect of projects to be executed either by contract direct labour.

2.4 Principal Air Traffic Safety System Officer, Grade Level 12

- 2.4.1 Heading and managing Air Traffic Safety Systems unit at the airport and enroute stations to ensure effective management of airspace infrastructure.
- 2.4.2 Checking air traffic safety systems/facilities in the areas of control tower communication/terminals radar/approach navigation/electromechanical systems/information technology networking systems to ensure system performance and anticipated failure.
- 2.4.3 Liaising with air traffic controllers and pilots in order to meet their operational needs Conducting on-the-job training programme for licensing Cadets at departmental level
- 2.4.5 Checking records on the systems/facilities Mean Time Between Failures (MTBF) an Mean Time Between Repairs (MTBR) to ensure they comply with standards.
- 2.4.6 Supervising stock replenishment of stations' installations and maintenance items and system/equipment ground checks device/modules.
- 2.4.7 Interpreting regulations to ensure conformity with Air Traffic Safety Systems Personnel (ATSSP) procedures and practices.
- 2.4.8 Investigation equipment compliance and/or non-compliance report from users.
- 2.4.9 Functioning as site training officer.
- 2.4.10 Assisting in making recommendation on the issuance and validation of various ATS ratings.
- 2.4.11 Coordinating roster/watch duty activities and preparing reports on the systems/ equipment performance and personnel under his supervision.
- 2.4.12 Performing call out duties on emergency situation and distress calls from various safe system centre.

2.5 Assistant Chief Air Traffic: Safety System Officer, Grade Level 13

- 2.5.1 Taking charge of and managing Air Traffic Safety Systems/facilities in the areas control tower communications/approach navigation/terminal radar/ electro-mechanic systems/information technology networking systems and personnel at category
- 2.5.2 Ensuring compliance with International Civil Aviation Organization (ICAO) stance and recommended practices for Air Traffic Safety Systems Personnel (ATSSP).
- 2.5.3. Enforcing air traffic safety facilities standard and practices including system maintenance diagnosis, certification, etc.
- 2.5.4 Carrying out quarterly inspection of facilities under his jurisdiction.
- 2.5.5 Coordinating the calibration and standardization of all air traffic safety systems test gears and instrumentation devices.
- 2.5.6 Supervising the flight-check of ground based systems.
- 2.5.7 Coordinating licensing training programmes at the station level.
- 2.5.8 Ensuring that all safety systems required for emergency and distress purposes are available.
- 2.5.9 Assisting in providing the necessary manuals, worksheets, journals, technical documentation and publication for air traffic safety systems personnel.
- 2.5.10 Measuring systems/personnel performance to ensure that minimum benchmark standards are met.
- 2.5.11 Collating data and making reports on personnel, users, system, performance and all aspects of air traffic safety system as required.

2.6 Chief Air Traffic Safety System Officer, Grade Level 14

- 2.6.1 Taking charge and managing Air Traffic Safety Systems/facilities in the areas of Flight Service Station (FSS COMM)/En-route Navigation/En-route Radar! Messaging and collaboration systems/Power generating systems in category 'B' airports.
- 2.6.2 Directing the planning, development, maintenance cycling of Air Traffic Systems as applicable to each section.
- 2.6.3 Participating in feasibility studies for new projects and preparing annual reports, estimates and budgets.
- 2.6.4 Directing the safety systems/equipment certification process for Air navigation.
- 2.6.5 Ensuring the execution of search and rescue programmes-systems wise.

- 2.6.6 Carrying out ground based systems checks and preparing same for flight calibration and flight check.
- 2.6.7 Participating in Human Resources Development programme of the agency.
- 2.6.8 Collating data on Mean Time Between Failures (MTBF) and mean Time Between Repairs (MTBR) for Communication, Navigation, surveillance and Electromechanical Systems.
- 2.6.9 Determining the calibration and standardization of all Air Navigation Systems/Facilities and test gears/instruments.
- 2.6.10 Coordinating the activities of electromechanical systems both at outstations and headquarters.

2.7 Assistant Director, Grade Level 15

- 2.7.1 Assisting in planning, co-ordination and executing all training and human resource development programmes for Air Traffic Systems/Facilities.
- 2.7.2 Organizing, planning and coordinating the activities of various Air Traffic Safety Services workshops/laboratory centers.
- 2.7.3 Assisting in the formulation of policy and studies in Research and Development into Air Traffic Safety Systems/Facilities.
- 2.7.4 Participating in feasibility studies for new projects and preparing annual logistics reports, estimates and budgets.
- 2.7.5 Ensuring the adequate supply of electrical power to the navigational aids/facilities outside the airports with automated heavy duty generating sets
- 2.7.6 Analyzing the Mean time Between Failure (MTBE) and Mean Time Between Repairs (MTBR) data for effective logistics supports.
- 2.7.7 Initiating policies and programmes review of communications, navigation and surveillance.
- 2.7.8 Assisting in implementing national policy on planning, design, procurement, installation) reactivation and maintenance of Radar Processing Systems in accordance with ICAO standards and regulations.
- 2.7.9 Assisting in Formulating Radar Systems Policies.
- 2.7.10 Assisting in preparing feasibility studies for new Radar projects and preparing strategic reports, estimates and budgets.
- 2.7.11 Taking responsibilities for radar systems operations and development planning.
- 2.7.12 Enforcing 3rd level maintenance standards.
- 2.7.13 Taking charge of a branch.

2.8 Deputy Director, Grade Level 16

- 2.8.1 Implementing the national policy on planning, design, procurement installation, reactivation, maintenance and management of surveillance radar facilities and sub-systems in accordance with ICAO regulations.
- 2.8.2 Assisting in the general administration of the Department.
- 2.8.3 Taking charge of a Division
- 2.8.4 Directing the operations of Radar Head System personnel.
- 2.8.5 Ensuring that en-route navigation signals from the system' are within acceptable limits for safety of flights.
- 2.8.6 Controlling the certification of navigational system employed in the safety of flight.
- 2.8.7 Validating the training requirements of approach navigational system personnel.
- 2.8.8 Undertaking feasibility studies for new projects and prepare budgets and estimates.
- 2.8.9 Supervising the provision of mission critical aircraft landing information in all airports.
- 2.8.10 Ensuring that appliances are in conformity with specification.

2.9 Director, Grade Level 17

- 2.9.1 Taking charge of a Department
- 2.9.2 Advising on the formulation, execution and review of relevant programmes and policies
- 2.9.3 Liaising with ATS and Pilots on ATSES matters.
- 2.9.4 Issuing or validating licenses' ratings.

3. METHODS OF ENTRY AND ADVANCEMENT WITHIN THE CADRE

NOTE: All promotion and transfers are subject to vacancy and satisfactory service records.

3.1 Air Traffic Safety System Officer II, Grade Level 08

- 3.1.1 By direct appointment of a candidate possessing B.Sc. or HND in Electrical Engineering/Electronics from a recognized Institution.

3.2 Air Traffic Safety System Officer I, Grade Level 09

3.2.3 By advancement of an Air Traffic Safety Systems Officer Grade I who has successfully completed the training programme specified in sub-paragraph 2.1.1 above.

3.3 Senior Air Traffic Safety Officer, Grade Level 10

3.3.1 By promotion of an air Traffic Safety Systems Officer Grade I who has obtained' Air Traffic Safety System (ATSS) License and successfully completed the Professional Air Space System Infrastructural training with relevant License/Type Rating.

3.4 Principal Air Traffic Safety System Officer, Grade Level 12

3.4.1 By promotion of a confirmed and suitable Senior air Traffic Safety Systems Officer who has spent at least three years on the grade.

3.5 Assistant Chief Air Traffic Safety System Officer, Grade level 13

3.5.1 By promotion of a confirmed and suitable Principal air Traffic Safety Systems Officer who has spent at least three years on the grade and successfully completed Air Traffic Safety Systems Training in Radar Processor, Radar Head Sensor, Approach Nay-Aid, En-Routt Nay-Aids, SATCOM, Cable Network and Switching or ATCVN/HF Terrestrial System and obtained the appropriate rating license.

3.6 Chief Air Traffic Safety System Officer, Grade Level 14

3.6.3 By promotion of a confirmed and suitable Assistant Chief air Traffic Safety Systems Officer who has spent at least three years on the grade.

3.7 Assistant Director, Grade Level 15

3.7.1 By promotion of a suitable Chief Air Traffic Safety Systems Officer who has spent at least three years on the grade and successfully completed the prescribed Airspace Systems Architecture training in Surveillance Systems, navigational Systems, Satellite Communications Systems or Terrestrial systems for Air Traffic Safety Systems personnel and obtained EMS, CNS Type Rating/License in any of the above specializations.

3.8 Deputy Director, Grade Level 16

3.8.1 By promotion of a confirmed and suitable Assistant director who has spent at least four years on the grade.

3.9 Director, Grade Level 17

3.9.1 By promotion of a confirmed and suitable Deputy Director who has spent at least four years on the grade.

3.10 Direct appointment of port in grade level 12 and above:

3.10.1 Direct appointments may be made to post in Grade Level 12 and above but that should be preceded by specific advertisement at the instance of the user

Ministry/Department Promotions from such direct appointments to higher grades are subject to confirmation of appointment.

RADIO TELECOMMUNICATIONS SUPERINTENDENT CADRE

1. POSTS AND SALARIES

1.1	Assistant Radio telecommunication Superintendent	Grade Level 06
1.2	Radio telecommunication Superintendent	Grade Level 07
1.3	Higher Radio telecommunication Superintendent	Grade Level 08
1.4	Senior Radio telecommunication Superintendent	Grade Level 09
1.5	Principal Radio telecommunication superintendent Grade II	Grade Level 10
1.6	Principal Radio telecommunication Superintendent Grade I	Grade Level 12
1.7	Assistant Chief Radio telecommunication Superintendent	Grade Level 13
1.8	Chief Radio telecommunication Superintendent	Grade Level 14

2. DUTIES

2.1 Assistant Radio/Telecommunication Superintendent, Grade Level 06

- 2.1.1 Maintaining Radio Station Records.
- 2.1.2 Supervising a number of Radio telecommunication operators
- 2.1.3 Assisting in the training of subordinate staff

2.2 Radio/Telecommunication Superintendent Grade Level 07

- 2.2.1 Keeping detailed records of international codes
- 2.2.2 Maintaining Radio Station layouts and controlling traffic
- 2.2.3 Controlling and supervising a number of Radio telecommunication operators.

2.3 Higher Radio telecommunication Superintendent, Grade Level 08

- 2.3.1 Taking responsibility for Radio Station layout and traffic control
- 2.3.2 Assisting in the training of subordinate staff
- 2.3.3 Carrying out routine maintenance of communication equipment.

2.4 Senior Radio telecommunication superintendent, Grade Level 09

- 2.4.1 Supervising the work of a number of subordinates.
- 2.4.2 Carrying out routine maintenance of communication equipment

- 2.4.3 Assisting in the training of staff
- 2.4.4 Ensuring compliance with procedure for radio station transmitting and communication.
- 2.4.5 Maintaining vital station records.

2.5 Principal Radio Telecommunication Superintendent Grade 11, Grade Level 10

- 2.5.1 Overseeing the maintenance of communication equipment at the zonal headquarters
- 2.5.2 Coordinating the activities of subordinate staff.
- 2.5.3 Coordinating the training activities of radio stations.

2.6 Principal Radio Telecommunication Superintendent Grade 1, Grade Level 12

- 2.6.1 Maintaining communication equipment at the zonal headquarters.
- 2.6.2 Supervising the training programme of staff
- 2.6.3 Ensuring compliance with preventive maintenance routines.
- 2.6.4 Assisting in the installation of Radio Communication Antenna.

2.7 Assistant Chief Radio Telecommunication Superintendent, Grade Level 13

- 2.7.1 Installing Radio Communication antenna within the Network.
- 2.7.2 Coordinating the maintenance of radio communication facilities at the headquarters.
- 2.7.3 Taking charge of training programmes
- 2.7.4 Assisting in the administration of the Radio Station.

2.8 Chief Radio/Telecommunication Superintendent, Grade Level 14

- 2.8.1 Taking charge of the administration of the Radio Station.
- 2.8.2 Planning the maintenance of communication facilities at the headquarters.
- 2.8.3 Advising on radio/telecommunications matters.
- 2.8.4 Monitoring the installation of radio communication antenna within the network.

3. METHODS OF ENTRY AND ADVANCEMENT WITHIN THE CADRE

NOTE: All promotions and transfers are subject to vacancy and satisfactory service record.

3.1 Assistant Radio/Telecommunication Superintendent Grade Level 06

3.1.1 By direct appointment of a candidate possessing any of the following qualifications.

3.1.1.1 Ordinary National Diploma in Radio and Telecommunication from a recognized Institution.

3.1.1.2 Full Technological Certificate (craft) of City and Guilds of London Institute in Radio and Telecommunication.

3.1.1.3 General Certificate of Education (Advanced Level) in two relevant subjects obtained at one sitting or in three subjects at two sittings.

3.2 Radio/Telecommunication, Superintendent, Grade Level 07

3.2.1 By promotion of a confirmed and suitable Assistant Radio/Telecommunication Superintendent who has spent at least two years on the grade.

3.2.2 By advancement of a candidate possessing the qualification specified in sub-paragraph 3.1.1.1 or 3.1.1.2 above who has spent one year on the grade.

3.2.3 By direct appointment of a candidate possessing the qualification specified in sub-paragraph 3.1.1.1 or 3.1.1.2 above plus at least one year post-qualification cognate experience.

3.3 Higher Radio/Telecommunication Superintendents, Grade Level 08

3.3.1 By promotion of a confirmed and suitable Radio/Telecommunication Superintendent who has spent at least three years on the grade.

3.3.2 By direct appointment of a candidate possessing Higher National Diploma (HND) in electronics from a recognized Institution or the Full Technological Certificate (Technician) of the City and Guilds of London Institute in relevant field.

3.3.3 By direct appointment of a candidate possessing the qualification specified in sub-paragraph 3.1.1.1 or 3.1.1.2 above plus at least four years' post-qualification' cognate experience.

3.4 Senior Radio/Telecommunication Superintendents Grade Level 09

3.4.1 By promotion of a confirmed and suitable Higher Radio/Telecommunication Superintendent who has spent at least three years on the grade.

3.4.2 By direct appointment of a candidate possessing the qualification specified in paragraph 3.1.1.1 or 3.1.1.2 above plus at least seven years' post-qualification cogs experience or in sub-paragraph 3.3.2 above plus at least three years' post-qualification cognate experience.

3.5 Principal Radio/Telecommunication Superintendent Grade 11, Grade Level II

3.5.1 By promotion of a confirmed and suitable Senior Radio/Telecommunication Superintendent who has spent at least three years on the grade.

3.5.2 By direct appointment of a candidate possessing the qualification specified in paragraph 3.1.1. or 3.1.1.2 above plus at least ten years' post-qualification cognate experience or in sub-paragraph 3.3.2 above plus at least six years' post-qualification cognate experience.

3.6 Principal Radio/Telecommunication Superintendent Grade I, Grade Level 12

3.6.1 By promotion of a confirmed and suitable Principal Radio/Telecommunication Superintendent Grade II who has spent at least three years on the grade.

3.7 Assistant Chief Radio/Telecommunication Superintendent, Grade

3.7.1 By promotion of a confirmed and suitable Principal Radio/Telecommunication Superintendent Grade I who has spent at least three years on the grade.

3.8 Chief Radio/Telecommunication Superintendent, Grade Level 14

3.8.1 By promotion of a confirmed and suitable Assistant Chief Radio/Telecommunication Superintendent who has spent at least three years on the grade.

4. ADVANCEMENT BEYOND THE CADRE

Any officer in the Radio/Telecommunication Superintendent Cadre who acquire any of the qualification specified for appointment to any higher grade is eligible for transfer/promotion to the grade.

COMMERCE

REGISTRAR (TRADE MARK AND PATENT) CADRE

1. POSTS AND SALARIES

- 1.1 Assistant Registrar Grade II
- 1.2 Assistant Registrar Grade I
- 1.3 Senior Asst. Registrar Grade II
- 1.4 Senior Assistant Registrar Grade I
- 1.5 Principal Assistant Registrar Grade II
- 1.6 Principal Assistant Registrar Grade I
- 1.7 Assistant Chief Registrar
- 1.8 Deputy Chief Registrar
- 1.9 Chief Registrar

DUTIES:

2.1 Assistant Registrar Grade II, Grade Level 08

2.1.1 Undergoing one year pupilage programme and performing the following dimes under supervision

2.1.1.1 Verifying and assessing trademarks applications.

2.1.1.2 Giving preliminary advice on registerable trademarks applications.

2.1.1.3 Processing Patent application and giving preliminary advise on the following:

- (a) Novelty
- (b) Inventive Activity
- (C) Unpatentable Inventions

2.1.1.4 Processing and recommending the following for approval:

- (a) Registrable Designs
- (b) Non Registrable Designs
- (c) Right to Registrable Designs

2.2 Assistant Registrars Grade I, Grade Level 09

2.2.1 Vetting and recommending for approval the following:

2.2.1.1 Trademark registration, including:

- (a) Form of application and specification
- (b) Address for application
- (c) Representation of Mark
- (d) Additional forms and representation
- (e) Separate applications
- (f) Representations to be satisfactory
- (g) Specimen of Trademarks in exceptional cases
- (h) Series of Trade marks
- (i) Transliteration and Translation

2.2.1.2 Patent Registration including:

- (a) A request for petition for Patents with Applicant's full name and address

- (b) Specification as to method or combination of methods including claim/claims
- (c) Plans and Drawings
- (d) Signed Power and Attorney
- (e) Industrial result it produces
- (f) Address for service in Nigeria

2.2.1.3 Designs Registration including:
